NOTES TO UNAUDITED/AUDITED FINANCIAL RESULTS FOR THE QUARTER AND YEAR ENDED 31 MARCH, 2016

- 1 The above results have been reviewed by the audit committee and were approved by the Board of Directors in their meeting held on 13 May, 2016.
- 2 The Board has recommended payment of dividend at the rate of 60% (i.e.Rs. 6.00 per share) for the approval of members in the ensuing Annual General Meeting.
- 3 Delhi Development Authority (DDA) has raised a total demand of Rs.155.64 crores during 2013-14 on account of increase in license fees in respect of sites taken by the company on lease from DDA for setting up CNG stations in Delhi. This increase in license fees is related to the period 1st April 2007 to 31st March 2014. The Company has filed a writ petition on 11th October 2013 before the Hon'ble Delhi High Court against the demand raised by DDA as the revised license fees has been increased manifold and made applicable retrospectively from Financial year 2007-08. The matter is pending in the Hon'ble High Court of Delhi.
- 4 During the year, North Delhi Municipal Corporation has issued a circular in relation to recovery of usage charges for granting of way leave facility used by the Company for its network of underground gas pipelines under North Delhi Municipal Corporation's jurisdiction ('way leave facility'). North Delhi Municipal Corporation has issued the circular to various telecom service providers and other service providers who use land under North Delhi Municipal Corporation's jurisdiction for their business operation.
Subsequently North Delhi Municipal Corporation has issued a letter requesting to pay an amount of Rs.75,162 per meter per annum ('way leave facility charge') towards the existing way leave facility used by the Company. As per the circular, the way leave facility charge for usage of existing way leave facility is to be accrued from the date of permission granted for laying the pipeline facility and the way leave facility charge will also be applicable for new installations.
The Company has not received any communication from North Delhi Municipal Corporation specifying the total amount payable in this regard. Based on legal opinion, the Company believes that the imposition of way leave facility charge is unsustainable under the law. Further, the Company believes that the rates for way leave charges as per the circular are exorbitant and the Company has taken up the matter with appropriate government authorities. The Company plans to contest the way leave facility charge levied by North Delhi Municipal Corporation and as of March 31, 2016, the Company has not accounted for the way leave facility liability.
- 5 Since the Company operates in a single segment of Natural Gas Business, the disclosure requirements as per Accounting Standard 17 'Segment Reporting' are not applicable to the Company.
- 6 Previous period/year figures have been regrouped/ reclassified wherever necessary. The figures of the quarter ended March 31, are the balancing figures between audited figures in respect of the full financial year and the reviewed published year to date figures upto December 31, being the date of the end of the 3rd quarter of the financial year.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Deloitte Haskins & Sells

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent Company and its associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two associate companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

In spite of increase in sales volume, PNG sales value has come down because of charging lower margin/providing discount to Industrial & Commercial segment and reduction in selling prices of this segment wef January' 2016 in view of reduction of long term RLNG prices.

Net profit after tax (PAT) for the year is Rs. 416.20 crores against PAT of Rs. 437.73 crores of FY15 showing a decline of 5% over last year. The decrease is mainly due to lower realization in both CNG & PNG segment, increase in staff cost due to pay revision and one time settlement of take or pay liability to GAIL in respect of long term RLNG for the calendar year 2014.

The earning per share has been Rs. 29.73 against Rs. 31.73 per share in the previous year.

B. Consolidated Results

The company has 50% equity in two CGD companies namely Central UP Gas Limited and Maharashtra Natural Gas Limited. As per the requirement of Companies Act, 2013, financial results of these two associate companies for the year ended March 31, 2016 have been consolidated with the financials of Indraprastha Gas Limited on equity basis in accordance with Accounting Standard AS (23) after considering 50% share of Profit after Tax of these two companies. The previous year figures have also been rearranged in line with the same.

The consolidated Profit after Tax of the company comes to Rs.464.13 crores against the consolidated profit of Rs. 448.13 crores in the previous year.

C. Contingent liability for New Delhi Municipal Corporation matter

During the year, North Delhi Municipal Corporation has issued a circular in relation to recovery of usage charges for granting of way leave facility used by the Company for its network of underground gas pipelines under North Delhi Municipal Corporation's jurisdiction ('way leave facility'). North Delhi Municipal Corporation has issued the circular to various telecom service providers and other service providers who use land under North Delhi Municipal Corporation's jurisdiction for their business operation.

Subsequently North Delhi Municipal Corporation has issued a letter requesting to pay an amount of Rs.75,162 per meter per annum ('way leave facility charge') towards the existing way leave facility used by the Company. As per the circular, the way leave facility charge for usage of existing way leave facility is to be accrued from the date of permission granted for laying the pipeline facility and the way leave facility charge will also be applicable for new installations.

The Company has not received any communication from North Delhi Municipal Corporation specifying the total amount payable in this regard. Based on legal opinion, the Company believes that the imposition of way leave facility charge is unsustainable under the law. Further, the Company believes that the rates for way leave charges as per the circular are exorbitant and the Company has taken up the matter with appropriate government authorities. The Company plans to contest the way leave facility charge levied by North Delhi Municipal Corporation and as of March 31, 2016, the Company has not accounted for the way leave facility liability.
