

### **Procedure:**

IGL is expanding in various geographical areas and land banks are required for setting up CNG Stations. IGL intends to invite agencies, entrepreneurs who can identify government lands and get those lands allotted from government authorities in favour of IGL for setting up CNG Stations.

1. The interested applicants have to identify government lands on the stretches mentioned in the drop down Menu.
2. Once the land is identified the applicant can apply for the location under following category
  - a) Individual
  - b) Partnership
  - c) Partnership Firm
3. After the application all the applicants who have applied for a particular stretch would be called for the interview process.
4. The suitable candidate/candidates will be selected depending on company's requirement for the particular stretch.
5. Once the applicant/applicants is selected, will be appointed as consultant for that particular site
6. The applicant has to carry out all the work required to get the land allotted in favor of IGL for setting up a CNG Station.
7. If the candidate is successful in getting the land allotted, the candidate would be appointed as a dealer for that particular stretch.
8. The dealer would have to update IGL regarding the progress made on fortnightly basis.
9. IGL has the right to terminate the LOI on basis of non-performance if IGL is not satisfied with the progress made by the applicant.

### **Eligibility Criteria :**

**The minimum eligibility criteria for an individual/partnership (all partners) would be as follows:**

S.No	Eligibility Factor	Eligibility Criteria
1	Education	12 <sup>th</sup> Equivalent or Passed
2	Age	Minimum 25 years
3	Citizenship	The candidate should be a citizen of India

1	Age	The Private Limited firm should be in existence and profitable for a minimum period of 3 years
2	Registration	The company should be registered under relevant Indian companies act

IGL has been allotted government lands from various land owning agencies. However, in certain cases IGL has not been able to start the construction activities due to disputes with the local residents. IGL invites agencies, entrepreneurs who can support IGL in amicably solving the disputes and putting the station to operation.

1. The applicant can select the IGL site in the drop down menu which is under this category and can apply for the location under following category

- a) Individual
- b) Partnership
- c) Partnership Firm

2. After the application all the applicants who have applied for a particular site would be called for the interview process.

4. The suitable candidate will be selected

5. Once the applicant is selected, will be appointed as consultant for that particular site

6. The applicant has to carry out all the work required to get the land free from disputes and get the site operational.

7. If the candidate is successful in getting the matter resolved, the candidate would be appointed as a dealer for that particular site for a period of 10 years.

8. The dealer would have to update IGL regarding the progress made on fortnightly basis.

9. IGL has the right to terminate the LOI on basis of non-performance if IGL is not satisfied with the progress made by the applicant.
